

### ARCI'S Mission Statement

Akashic Record Consultants International (ARCI) is a non profit organization that instructs, certifies and assists in sustaining individuals as they learn to open their conscious awareness of their ones with Source. ARCI provides a neutral, nurturing environment where one may learn practical methods of living a balanced life. Bridging the gap between spiritual and physical worlds, an individual achieves a greater partnership with Spirit through receiving an understanding of personal responsibility and commitment. We, as an organization, choose and commit to hold the purity and integrity of these teachings as they are extended into the world.

## ARCI's Conference

Come join us **to experience** the continual flow of unconditional love that is always available to you within the unified Akashic energy field. This unified field is composed of the Akasha, a Sanskrit word for the energetic substance from which all life is formed. It records every thought, word, emotion and action generated by the independent soul. The process of opening up your Akashic Record brings you into focus with your past and present knowledge, experiences and expressions of your Soul's journey from inception to the present moment. Develop your abilities to attune to the knowledge of how to open your Akashic Record and align with spiritual wisdom. Through our connection and development we are cultivating an ever increasing

awareness that we are interwoven as one with Divine Source and each other.
