

Akashic Record Consultants International

Akashic Records: Learn, teach, and grow
from a Soul level through the Book of Life

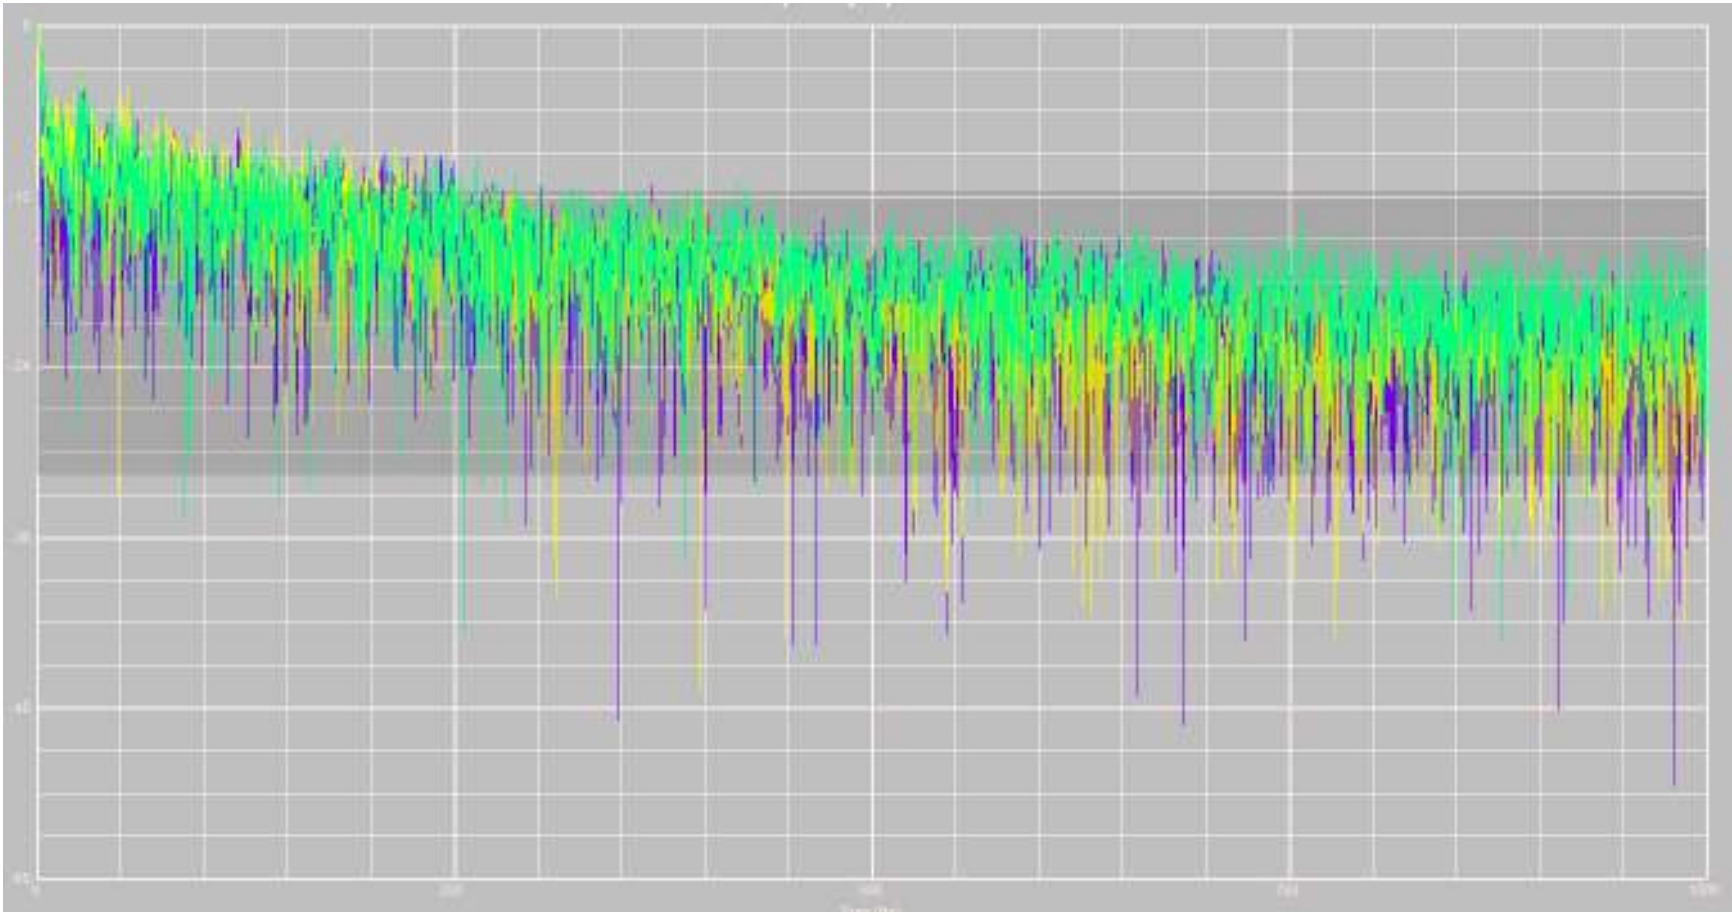

Voice Presentations
recorded at the
2010 ARCI Conference

We recorded three voice prints of each person over a 5 minute period.

One before they opened the records, one while reading the prayer, and one while in the records.

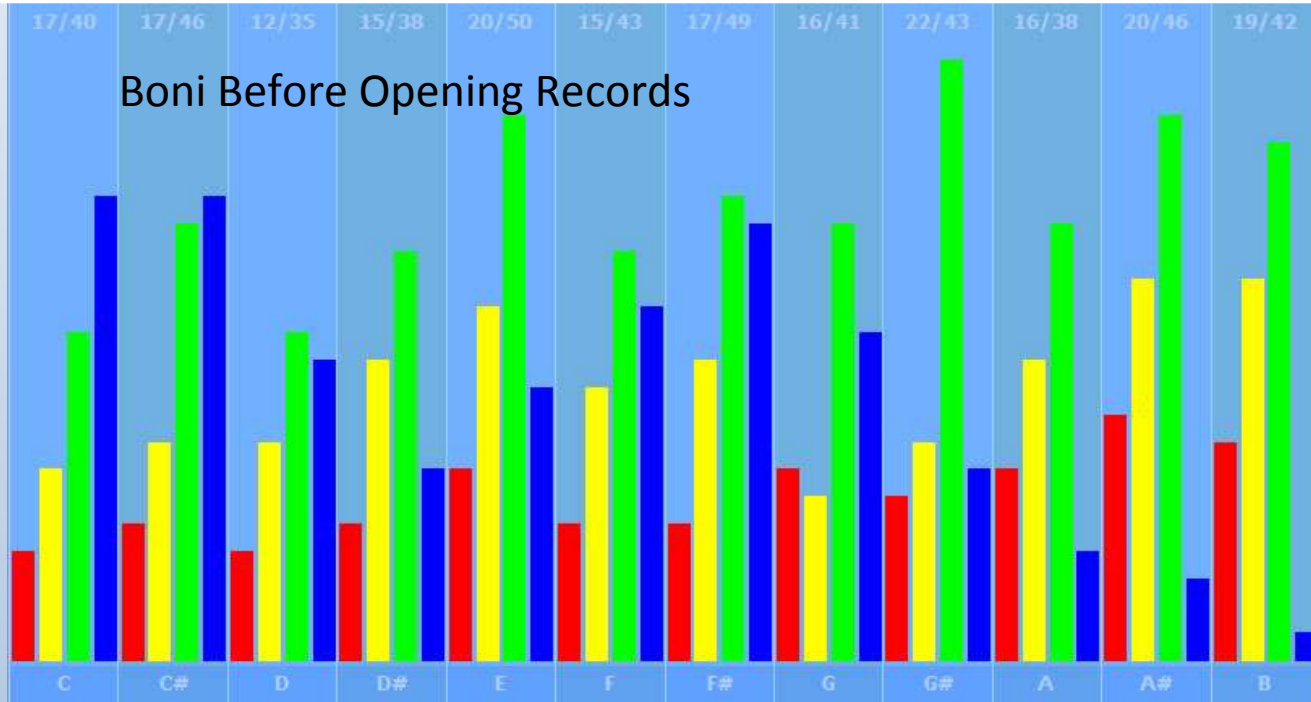

The three voice prints are layered over each other in different colors so you can see the changes that occurred.

Did you notice the change in
EACH voice print
when they opened the records?
